§ 960.7 Amendments to licenses.

(a) Prior to taking any of the following actions a licensee must obtain an amendment to the license:

- (1) assignment of any interest in or transfer of the license from one entity to another, renaming, or any change in identity of the license holder;
- (2) change in or transfer of administrative control;
- (3) change of operational control; or
- (4) deviation from orbital characteristics, performance specifications, data collection and exploitation capabilities, operational characteristics identified under Appendix 1.C(6) of this part, or any other change in license parameters.

(b) Applications for an amendment to an existing license shall contain all relevant new information and shall be filed at the same address identified in Appendix 1 of this part. Amendment applications shall be filed in accordance with the procedures in § 960.4 and Appendix 1 of this part for original license applications.

(c) The Assistant Administrator, in consultation with other appropriate agencies, shall review amendment applications within 120 days of the receipt of such completed applications. The Assistant Administrator shall advise such agencies of the deadline prescribed by paragraph (d) of this section to require additional information from the applicant. If a determination has not been made within 120 days, the Assistant Administrator shall inform the licensee of any pending issues and any actions necessary to resolve them.

(d) The reviewing agencies have ten (10) working days from receipt of the amendment request to notify the Assistant Administrator in writing whether the request omits any of the information listed in Appendix 1 of this part or whether additional information may be necessary to complete the request. If these agencies cannot complete their review in the time allotted, they must notify NOAA in writing of

the additional time needed to complete review, not to exceed ten (10) working days. This notification shall state the specific reasons why the additional information is sought. The Assistant Administrator shall then notify the licensee, in writing, what information is required to complete the amendment request. The 120 day review period prescribed in Section 201(c) of the Act will be stopped until the Assistant Administrator determines that the amendment request is complete.

(e) Within thirty (30) days of receipt of a complete amendment application, as determined by the Assistant Administrator, each Federal agency consulted in paragraph (a) of this section shall recommend, in writing, to the Assistant Administrator approval or disapproval of the amendment application in writing.

(f)(1) When the licensee is seeking an amendment in order to transfer administrative control or change in the participation of the operations of the system to a foreign person or nation, pursuant to paragraph (a)(2) of this section, the licensee must provide the following information:

(i) The identity, residence and citizenship of the foreign person(s) or nation(s) who will acquire control;

(ii) The applicant's proposed plan to ensure that the licensee will protect the operational control of the licensed system from foreign influence and prevent technology transfer that would adversely impact national security, foreign policy or international obligations; and

(iii) Such additional information as the Assistant Administrator may prescribe as necessary or appropriate to protect the national security, foreign policy or international obligations of the United States.

(2) Such an amendment request will be reviewed to determine whether the foreign person(s) or nation(s) that will exercise administrative control of the licensee will take no action that impairs the national security interests, foreign policy or international obligations of the United States.

(g) If the license amendment application is denied, the Assistant Administrator shall provide the applicant with

(a) Upon notification by a licensee, pursuant to § 960.11(b)(5), the Assistant Administrator shall initiate review of the proposed agreement in light of the national security interests, foreign policy and international obligations of the U.S. Government.

(b) The Assistant Administrator, in consultation with other appropriate agencies, will review the proposed foreign agreement. As part of this review, the Assistant Administrator will ensure that the proposed foreign agreement contains the appropriate provisions to ensure compliance with all requirements concerning national security interests, foreign policy and international obligations under the Act or the licensee's ability to comply with the Act, these regulations and the terms of the license, are appropriately accommodated in the proposed agreement. (d)(1) Within sixty (60) days of notification by the licensee, if the Assistant Administrator determines that a proposed agreement will impair his or her ability to enforce the Act, or the licensee's ability to comply with the Act, these regulations, or the terms or conditions of the license, the licensee will be notified which terms and conditions of the license are affected and, specifically, how the agreement impairs their enforcement.

(2) The proposed agreement may not be implemented by the licensee until the licensee has been advised by the Assistant Administrator that the provisions of the proposed agreement are acceptable.

(e) Following approval of the agreement, if the factual circumstances surrounding this transaction change, the licensee must notify NOAA within twenty-one (21) days of the change. The licensee's failure to notify NOAA in a timely manner may result in penalties for noncompliance being levied, pursuant to Section 203(a)(3) of the Act.
